“Working and Playing in the US,” The History of American Vacations

CCHS invites you to attend its annual meeting and spring program, which will feature the well known historian and author, Cindy S. Aron. The meeting and program will be held on Wednesday, May 18 at 8:00 p.m., at the Chevy Chase Village Hall, 5906 Connecticut Avenue, and will be open to the public.

Cindy S. Aron

Dr. Aron, author of *Working at Play: A History of Vacations in the United States*, will give a presentation on how Americans have vacationed since the nineteenth century. Aron has charted the transformation of American vacations from the early 1800s, when vacations were a privilege of the elite, to the eve of World War II, when vacations had become widely popular among the middle class and firmly entrenched as part of “the American way of life.” Her work represents the first in-depth history of how Americans have vacationed, from nineteenth century planters who summered in Newport to twentieth century urban workers who sought relaxation at camps in the hills.

Relaxing has not always come easily to Americans, as Dr. Aron will reveal by reviewing the tension between labor and leisure and the struggle Americans have experienced about taking time off from work. In the early nineteenth century, vacations were taken more for health than for fun. By the 1850s, the growth of the middle class and the expansion of the railroads made vacationing a more mainstream occurrence. But as the enticing prospect of rest and relaxation took hold, so too did fears of the dangers of idleness and a cultural anxiety over the concept of taking time off from work. Dr. Aron’s presentation will review not only the types of vacations prevalent during different periods in American history, but also the psychological aspects of vacationing in America.

Find out more about this fascinating aspect of our history by joining us at the Village Hall on May 18. Dr. Aron is a Professor of History at the University of Virginia. She has written numerous articles and books, including an early history of civil service employees entitled *Ladies and Gentlemen of the Civil Service: Middle-Class Workers in Victorian America*. She has received many honors for her scholarship, is a frequent speaker at conferences and symposia, and is active in many academic and professional organizations.

A short business meeting of the society will precede Dr. Aron’s presentation. During the meeting, CCHS will elect its officers for next two year term. The candidates proposed by the Nominating Committee are: Mary Sheehan for President, Angela Lancaster for Vice President, Helen Secrest for Corresponding Secretary, Alice Kinter for Recording Secretary, and Margaret Adelfio for Treasurer.

Light refreshments will follow the meeting. Please call Mary Sheehan at 301-652-5726 with any questions.

Sunshine and Flowers Grace Annual Spring Gala

Arts and Crafts Charm Delights Society's "May Day" Guests

Chilly spring rains gave way to clear blue skies and glorious sunshine in time for the society's annual Spring Gala and Champagne Supper on Sunday, May 1. Guests reveled in the gracious hospitality of architects Ms. Cherie Mohr and Mr. Shalom Baranes at their recently renovated home at 3626 Raymond Street. Ms. Mohr designed the renovations, which include interior and exterior transformation of the traditional two story home into a striking, modified Arts and Crafts structure, a substantial addition to the home, and landscaping of a stunning backyard. Guests circulated throughout the open, light-filled rooms and gravitated to the flower bedecked backyard terrace, spacious pool deck, and sunny rear yard.

An elegant and delicious buffet was served in the banquet-size dining room by Mr. Alain Roussel and his staff from La Ferme restaurant on Brookeville Road. Supper concluded with a variety of sweets, homemade, as is traditional, by CCHS board

members and committee chairs. Live guitar music provided a background to the animated supper conversation. The convivial atmosphere of the event was made even more festive by the assortment of fanciful and colorful hats, both vintage and new, worn by a number of the women guests.

In a special ceremony near the conclusion of the gala, CCHS President Angela Lancaster recognized the careful planning and meticulous follow-through of Kathryn Himstreet, chair of the gala, which made for such an enjoyable evening for all. She also thanked Ms. Mohr and Mr. Baranes for their generous hospitality and presented them with a bronze plaque, suitable for hanging indoors or out, recognizing their home as the site of the 2005 gala.

CCHS Archives Becoming Popular Source of Historic Photographs

The society is pleased to report that its archival collection of photographs is being drawn upon for an increasing number of exhibits. Some examples are the National Building Museum's exhibit, "Washington, D.C., Symbol of a City"; the American Museum of Natural History's web site exhibit, "Species and Sprawl"; and the Chevy Chase Land Company's web site displays.

The CVS Drugstore at the corner of Connecticut Avenue, N.W. and McKinley Street, N.W. also is displaying a number of enlargements of photographs from CCHS' collection. And, a local lawyer is using a number of the photographs to decorate her law offices.
